LaGrangeville, NY 12540

Supervisor Wagner:

On behalf of the parents, children and the Board of Directors of the Hudson Valley Admirals, I would like to offer our sincerest thanks and appreciation to the Doherty Family, the LaGrange Town Board and the LaGrange Recreation Department for affording our organization the opportunity to utilize Red Wing Recreation Area as our home field this past season.

The Doherty family and specifically Mr. Paul Doherty have shown the children in our program what it means to truly be a part of a community. Through their efforts in creating a wonderful park facility, we were able to have our organization practice and play as a unified group. The amount of field space and parking allowed us to all practice together, which was extremely beneficial to the parents of our organization. In today's hectic environment and tough economic times, being able to have siblings on different teams practice on the same days and at the same time was invaluable.

Red Wing Recreation Area has benefited us in other ways as well. Throughout the season, we received numerous compliments from visiting teams regarding the beauty of the park and the conditions of the fields. Many parents and spectators took advantage of the nature trails and picturesque views, some even remaining after their child's game to take a look around. The Admirals were the envy of the league for having one of the nicest game facilities around.

We look forward to continuing to work with the Doherty family and the Town of LaGrange in making Red Wing Recreation Area the best park facility in LaGrange and hope to make it the home of the Admirals for many years to come!

Very truly yours,

Gary Leigh
Vice-President
Hudson Valley Admirals
